**Personal Statement:**

Please answer the following question in 100 words or less:

NYSACAC Executive Board members are leaders of a vital organization. Please describe your vision of NYSACAC's future and how your leadership can help to advance the association's mission.

Through the leadership of colleagues, I learned the values of professional development. After participating on a NYSACAC committee, my involvement expanded to conference planning, presenting, and co-chairing a committee. Through these experiences, I am excited by the prospect of representing my constituents as a Delegate. In doing so, I will continue to assist NYSACAC in serving students and families by fostering relationships with secondary and post-secondary counselors and encouraging ethical practices and access. My vision for NYSACAC's future includes ongoing active participation by responsible leaders who adhere to and provide direction on the important principles within our mission.
