NYSACAC Executive Board members are leaders of a vital organization. Please describe your vision of NYSACAC's future and how your leadership can help to advance the association's mission.

As counseling professionals, it is the responsibility of both school counselors and admissions officers to put the student's well being first. My vision of the NYSACAC would move to strengthen the communication, knowledge, involvement and interconnectedness of these core groups through grassroots and public promotion. The NYSACAC should emphasis expanding options and access for all students to higher educational institutions while adhering to the best ethical practices. I believe that my experience as an Admissions officer, collegiate coach and high school teacher allows me to understand the complexities of our profession and the integrity required to advocate our mission.
